

Dear Friends, One of the most agonising experiences that can happen to any family is a member of their family going missing. We can think of numerous people in recent years who have disappeared without trace and without any explanation. Often many years go by without a family being offered any indication, if at all, about what has happened to their relative. This is why Trevor Deeley's family are in our thoughts and prayers at this time. We pray that the present Garda search may bring his family healing, closure and peace.

Fr Michael
